FOREWORD

The South French Broad Journalism Class would like to present its 1972 BEAR. We hope to bring you an accurate record of the school events of this year. This pictorial evidence is to remind you in the future of your first year in high school.

To everything there is a season, and a time for every purpose under the heaven:

A time to break down and a time to build up:
A time to get and a time to lose;
A time to keep silence and a time to speak;
A time to love and a time to hate.

Ecclesiastes 3:1-8

Yet time moves on and soon this year will be only a memory. We hope that each of you will cherish this book and keep it as a reminder of the past.

We thank everyone who has helped to make this year a rewarding one; one that we shall always remember with pride.

Frances,
You're so beautiful,
I hate your guts.

Frances,

What can I say? We've been friends for so long and have been through so much together. I don't even know where to start, but I'll try. In P.E. don't forget throwing everybody in the showers and that stupid field day where we made fools of ourselves. My "homeroom" upstairs. In science remember the water fights, us getting separated, me making a D-, Lisa and me almost burning the whole school down. And last but not least, don't forget recess or play period alias "World Geography". I really loved our black history class! I'll never forget the whole year!!

Frances, you're the greatest person I know, and I'll never forget you as long as I live.
